ABOUT US

Founded in 1955 by silversmith designer, Robert Welch, Robert Welch Designs has since been the standard-bearer for award winning stainless-steel cutlery, barware and holloware within the international hospitality industry.

The quintessentially British brand is run today by Robert's son and daughter, Rupert and Alice and specialises in producing timeless products in high quality 18/10 stainless steel, that can be found on land, sea and air; always at the heart of the dining experience.

As Robert Welch Designs prepares to celebrate its 70th anniversary in 2025, we continue to design and produce products that will elevate the dining experience for all your guests, from casual to fine-dining and in-room dining to banqueting.

Robert Welch

CHOICE

An extensive selection of over 40 cutlery designs, holloware and table accessories meeting the highest standards in both aesthetics and functionality. Products are crafted in 18/10 stainless steel and our cutlery includes various finishes to suit differing themes and décor.

EXTENSIVE STOCKHOLDING

Over 4 million items stocked between our UK and Vietnam warehouses.
(Reduced import duties where trade agreements apply e.g. ASEAN).

SIMPLE PRICING

We have a simple pricing structure which is straightforward and competitive, making it easy to select products that align with your budget requirements.

All cutlery is grouped into one of three categories, each at a different price point:

In our 3.5mm and 5mm gauge collections, a place setting is the same price across all the designs in the same collection.

For example, a knife, fork and spoon will cost the same whichever design you choose within that collection.

The designs in our Master Collection are priced individually, as too are all other products.

WORLDWIDE SUPPLY

We export to over 100 countries.

Choose either direct supply or through our network of globally appointed distributors offering additional support and local importing expertise to assist in the smooth delivery of your order.

Orders ready for collection or despatch within 2 - 10 working days from our UK and Vietnam warehouses.

Next day UK delivery also available.

CONTINUITY OF SUPPLY

Have confidence in your choice; our designs are timeless and lines are rarely discontinued.

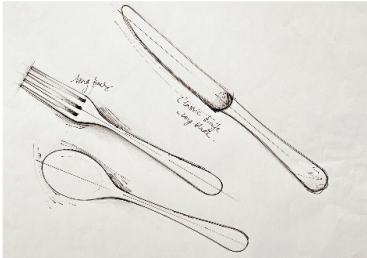

Robert Welch

OUR HOSPITALITY PARTNERS

Robert Welch

At Robert Welch, we are proud of the design, craftsmanship and quality of materials in each of our products. This gives us the confidence to offer you our Lifetime Guarantee against manufacturing defects. *

* The Robert Welch Lifetime Guarantee lasts 25 years on our all-stainless-steel products. Other products may have limited guarantees.

SANDSTONE BRIGHT

Sandstone's beautiful surface reflects the light with a gentle glow, creating a statement on the table. The texture has the added benefit of scratch marks being less conspicuous in a demanding environment.

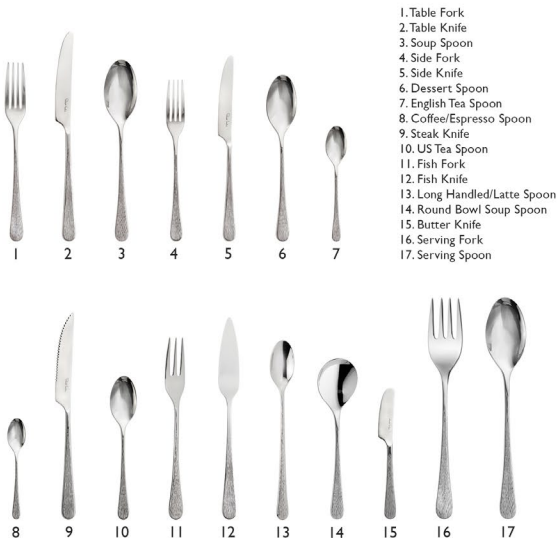

ALL DESIGNS IN COLLECTION 5.0 - AT ONE PRICE

Skye has a slim and elegant profile and features a textured finish to the handles, inspired by the silversmith technique of long hammer planishing.

ALL DESIGNS IN COLLECTION 5.0 - AT ONE PRICE

Contemporary styling with a stunning silhouette against the table. The knife features a broad generous back to ensure the weight is evenly distributed. Also available in a satin finish (SA).

STANTON SATIN

Contemporary styling with a stunning silhouette against the table. The knife features a broad generous back to ensure the weight is evenly distributed. Also available in a bright finish (BR).

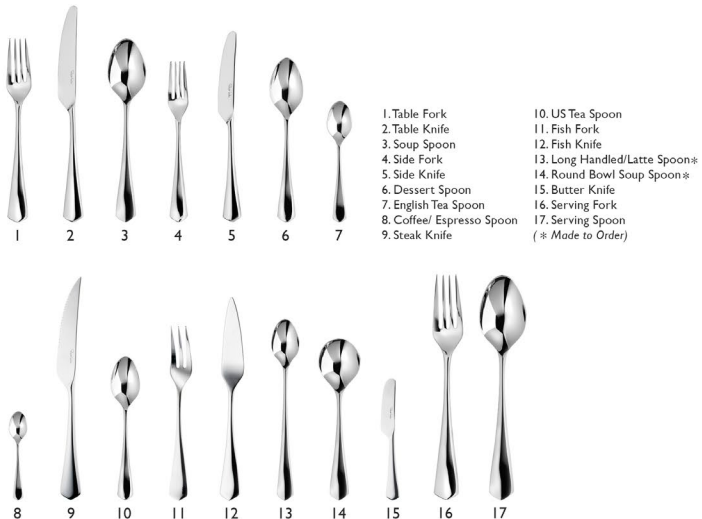

ALL DESIGNS IN COLLECTION 5.0 - AT ONE PRICE

Westbury has traditional accents echoing the 'v'-shaped tip of the handle.

ALL DESIGNS IN COLLECTION 5.0 - AT ONE PRICE

Ashbury knives are designed to be poised for use, resting vertically with the cutting edge raised from the tabletop. Classic styling of the forks and spoons contrasts against the modern silhouette of the knives.

MASTER COLLECTION PRICED BY DESIGN

CONTOUR NOIR

A contemporary design statement, the contrasting materials of Contour Noir offer a dramatic addition to the table. The blades of the knives are designed to rest traditionally or vertically on the table and in either position.
